ITALIAN EXCELLENCE MADE IN INDIA SINCE 1992

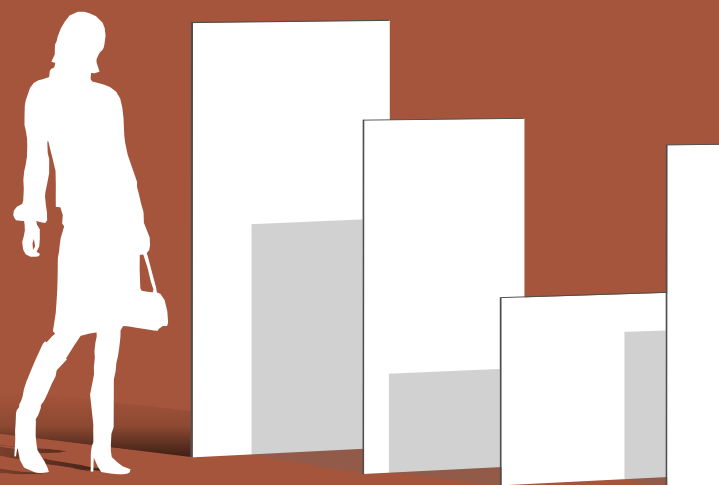

MEGA, Indian historical brand, reveals the profound expressiveness of the ceramic material transformed into tiles, a tool for aesthetic narration, in an open, continuous, always renewed process. Founded in Morbi in 1992, MEGA has always been synonymous with ceramics for

architecture with advanced technical and aesthetic qualities. Due to the dry pressing of glazes and clays, MEGA's ceramic tiles are extremely resistant to impacts and abrasions, ensuring exceptional standards of all-Indian quality and durability.

The manifold aesthetic expressions of the Vitrified Tiles combine technological expertise with creativity and a variety of raw materials. Colours and collections bring a fresh slant to fine Venetian flooring, artisan objects and natural stones.
